First Contact Plus

First Contact Plus is an online tool which helps adults in Leicestershire find information about a range of services all in one place.

The initiative allows residents who require help with one or a number of issues to access a catalogue of information, advice, help and support.

Information and resources on housing, health, living independently, money advice, work, security and other topics that assist the county's residents can be found on this site.

First Contact Plus is delivered by Leicestershire County Council in partnership with GPs, the police, health organisations, voluntary groups and social care departments, district & borough councils who are helping adults across the county by working together to make access to services much easier.
