

The **Mini Basketball League** is for boys & girls, U11 and U13 (NATIONAL LEAGUE PLAYERS ARE NOT ALLOWED).

The league is designed for participation to utilise fundamental skills.

Mini basketball is a game of skill rather than strength; a mixed activity in which boys and girls are able to play alongside each other.

The game offers the opportunity to develop the important skills of running, jumping, change of speed and direction, handling a ball, and shooting at a target. The league is for any young person who loves to play basketball.

---
